County of St. Paul Strategic Business Plan – 2013

Vision:

The County of St. Paul is a vibrant community which values a high quality of life, balancing rural heritage with a diverse economy

Core Values:

- Balance
- Respect
- Fairness
- Integrity
- Accountability
- Service/Serving

Guiding Principles:

- 1) Balance the rural character of the County with regional vitality, orderly growth and diversified economic opportunities.
- 2) Promote environmental stewardship and conservation of natural resources.
- 3) Foster innovation and research to improve the community.
- 4) Seek collaborative approaches for effective service delivery and quality of life improvement.
- 5) Strive for operations efficiency and stability to provide affordable services to residents.

Sustainable Priorities:

- Preserve the rural character of the County through the conservation of the quantity and quality of the agricultural land, maintaining the beauty and accessibility of the lakes, and good partnerships with urban neighbors.
- Encourage environmentally sound and sensitive development.
- Allow development in such a manner as to limit the removal of higher capability agricultural land, not put undue pressure on the natural environment or the provision of services and not cause unacceptable adverse effects on the agricultural economy and community.
- Utilize natural resources to promote economic diversification which is compatible with the rural environment and environmentally sound so that all residents may enjoy optimum working and living standards.
- Continue to support and promote sustainable and enhanced agricultural research, activities and practices to achieve the rational diversification and intensification of agricultural activities and a profitable and sustainable future for producers.
- Seek inter-municipal plans and cooperative service agreements such that they continue to support better relationships among rural and urban residents, better services and efficiency of services.
- Encourage the development and expansion of institutional facilities to meet the educational, social, religious and cultural needs of residents.
- Ensure the provision essential services such as emergency services, health services, education and gathering places for social and religious activities, to support the renewal and enhancement of vital components of rural lifestyle and quality of life.
- Support the continued, orderly growth of the incorporated urban centers so they can continue to provide a range of commercial, industrial, residential and institutional services to the wider community.
- Minimize the negative impact on the land by encouraging good stewardship of the land.
- Minimize conflicts between agricultural and non-agricultural land users.
