Craig,

Further to our meeting Jan. 5, 2015 regarding demolition of house and grading lot for parking with gravel is as following:

- Demolition and loading with rubber tired excavator, one end dump and 30 yd garbage bin – 30 hrs @ \$300 per hr = 9,000
- 200 yds gravel and fill @ \$10 = 2,000
- Tipping fees 10 tonnes @ 45 = 450
- Total 11,450

Note, Elk Point land fill will accept the cement so the only tipping fees will be the house to Evergreen.

Leo de Moissac
