Re: Skills Alberta Canada Competition

Dear Council Members:

École Mallaig School serves the communities of Mallaig, Ashmont, St.Lina, Goodridge, Therien and St. Vincent. It is a dual track school from ECS to grade 12 with an enrolment of approximately 250 students.

In the past, the County of St. Paul No. 19 has donated money to our school for sending teams to provincial competitions and this has been greatly appreciated

On Tuesday, March 24, 2015, Jenna Gamblin and Amanda Mathiot, both grade twelve students from École Mallaig School, attended the Skills Alberta Canada Regional Competition in Lac La Biche Alberta. Jenna competed in Baking and received fourth place while Amanda competed in the Culinary Arts and won first place. Amanda then went on to compete at the provincial level on May 13-14th in Edmonton, Alberta. This is a first time ever for our school to compete in this competition.

If the County is still in a position to donate funds towards École Mallaig School for sending Amanda to the provincial level competition, we would greatly appreciate your support.

Thank you very much for considering our request.

If you have any questions please do not hesitate to contact me at the school (780-635-3858).

Sincerely,

Julie Dubeau
CTS Foods Instructor
École Mallaig School.
