Dear Mr. deMoissac,

**Re : Northern Valley Road Phase 3 – Grading and Other Work
Scope Change 4 – Additional Engineering Work for Project Limits Extension from
Rge Rd 51 to Rge Rd 44 (approx. 8.0 km)
County of St. Paul No. 19**

Amec Foster Wheeler Environment & Infrastructure (AmecFW) is requesting a scope change in the amount of \$97,196.80 which will increase the upset fee on this project from \$249,364.70 to \$346,561.50.

The purpose of this scope change is to request additional funds to cover the hours and expenses to be incurred from additional engineering work in relation to extending the project limits from Rge Rd 51 to Rge Rd 44 (approx. 8.0 km) (Phase 3).

The scope of work on the original project limits which includes the following will be completed on the proposed extension as well.

- Preliminary Surveys – establish control, road centerline and cross sections, right-of-way, existing drainage structures, wetlands and utilities.
- Utility Crossing Agreements – AmecFW will prepare agreements and drawings for the County and utility owners execution. Meetings and inspections will be arranged with utility representatives as required. Initial assessment indicates approximately five (5) utility companies are within the additional sections – County of Vermilion River Gas Utility, Canadian Natural Resources Limited, Husky Operations, Telus and ATCO Electric. Hydrovac cost is not included in our proposal as it is assumed to be the responsibility of the County.
- Preliminary Design – preliminary survey data will be processed, prepare preliminary road and drainage design, drawings and cost estimates for County's review and approval.
- Detailed Design – AmecFW will finalize detailed design, drawings and cost estimates following approval of preliminary design.
