Hi Kyle.

It's been a while since I've touched base with you about our lighting project.

As you know, we had \$175,000 out of \$240,000 committed. St Paul Football has also committed an additional \$20,000 for a total funding of \$195,000, which left us \$45,000 short.

This spring, I was informed that the cost of the lights was increasing to \$209,000, or \$13,000 more than last year. In the meanwhile, our organization has been doing extra fundraising of about \$10,000 more, so we are currently around \$50,000 short overall.

We do have more grants out there and are hopeful the shortfall will be obtained. However, if it isn't, I am wondering if the County would provide us with an option which you had mentioned last year to have a loan (low interest or even no interest if possible). Our \$110,000 grant from the province has to be used by next spring, and so really we have to complete the project this summer. Could you please present this to the County on our behalf? Its not currently needed, but by early June we should have replies to our grants. We'd like to purchase the lights and begin work in mid July.

Have a great weekend!

Todd
