

April 8/18

To County of St. Paul  
Councilors,

My name is Shannon  
Mickhouse, as you  
probably all know  
my business burnt  
down in Ashmont  
known as Perky's,  
so we have another  
building in Ashmont  
that I currently have  
operating as a restaurant  
I have not yet settled  
with insurance and  
this is hopefully a  
temporary location.  
So I am asking  
council to forgive the  
permit fees, as the  
finances are just not

available as of yet.  
I started the little  
restaurant to try to keep  
the town alive a little  
bit so some of our  
regulars would still  
have a place to go.  
because with Perky's  
gone there is a big void  
in our little town and  
in my life. I just  
simply can't afford  
the extra expenses,  
we put a 4 foot divider wall  
in and replaced a door. why do  
we even need Thank-You  
a permit & painted  
and layed down Shannon  
linoleum.
