

Wednesday April 18, 2018

Dear County of St. Paul Council,

St. Paul Regional High School will attend the Skills Canada Alberta Provincial Competition in Edmonton on Wednesday May – Friday June 1, 2018. High school students begin their journey with Skills Canada either with either a Regional or Qualifying Skills Canada Competition, or through in-school selection for skill areas not offered in their region. Post-Secondary students apply to compete, with a reference from their technical institute. There are 34 different disciplines that will have competitions occurring at Skills Canada this year, for more info visit their website: <http://www.skillsalberta.com/>

I know that the County of St. Paul supports teams that compete at the Provincial level in athletics and we would like to apply for the same funding for our CTS students who qualified at a Regional competition at Portage College in Lac La Biche and will now represent the North East and St. Paul at this years' provincial competition. We have nine students and four teachers going to the competition in five different disciplines. We have one student competing in Carpentry, two students competing in Welding, three students competing in Hairstyling, one student competing in Baking and two students competing in Culinary Arts. We would like to apply for the provincial funding to help us cover the expenses of sending 9 students for that competition. If there is any paper work that needs to be filled out, please let us know.

I know that the County of St. Paul has supported us in the past in athletic teams advancing to provincials, and we appreciate any support you can give. If you have any questions or concerns, please do not hesitate to contact me at St. Paul Regional High School @ 780-645-4491 or by email hank_smid@sperd.ca.

Sincerely,

Hank Smid
Athletic Director
St. Paul Regional High School
