Hi Dewey,

To obtain an encroachment agreement, your request will be presented to County Council. Council makes the decision as to enter into the agreement or not. If Council decides to enter into the agreement, our taxation department will assist you with the agreement. I have cc'd Crystal (with taxation) who can help you through the process.

If you have any questions in the interim, please do not hesitate to ask.

Hello to whom it may concern

We had a retaining wall installed .The pin was removed while the county repaired the water main. After being surveyed we discovered the south east corner of the retaining wall is encroaching slightly onto the county land.

We are located in Lottie Lake Lot 9 Block 7 Plan 8121231

Would it be possible to receive an encroachment agreement.

Please contact us as to what can be done.

Thank you.
