Re; Town water line hook-up

To whom it may concern:

We the undersigned are requesting permission from the Town of St. Paul to hook up to the town water line that is presently being installed to the Xtreme shop on golf course road north, 57<sup>th</sup> Street. At the present time we are acquiring prices on the feasibility for obtaining town water to our residences. We are also requesting the County Of St. Paul's permission to bury the water line within the road allowance. For more information please contact Leo de Moissac at 780-210-0759.

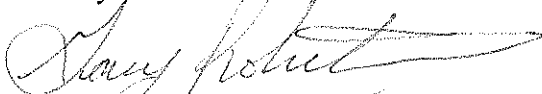

Yours truly,

Leo & Marlene de Moissac
